

April 9, 2018

Dear Morris Brandon Parents/Guardians,

It is that time of year when we begin looking ahead to the next school year! As a part of the scheduling and class list development process, I offer you the opportunity to provide input into the kind of classroom environment in which you think your child will thrive. On the back of this letter, you will find questions designed to elicit this information from you so that we can consider your input as we build schedules and class lists. Please note the following in regards to the Parent Input Form on the back of this letter:

- Completion of a Parent Input Form is **OPTIONAL**.
- Completion of a Parent Input Form **does NOT guarantee that your child will or will not have a specific teacher**. We CANNOT/WILL NOT accommodate ANY requests to have or not have specific teachers. Only input provided on the form on the back of this letter will be accepted for consideration; **no additional notes, emails, or letters will be considered**.
- All Parent Input Forms must be **returned in a sealed envelope addressed to Ms. Stimpson and left at the front office of either campus. Write the student's 2018-2019 grade level on the envelope. NO forms may be returned to a teacher.**
- All Parent Input Forms are due by April 27, 2018. **Any forms received after this date will not be considered.**

While we are requesting this information between now and April 27, please be advised that **class lists will not be available until the end of July** when we have accounted for all of the summer registration of new students.

We are lucky at Brandon to have an exemplary faculty full of teachers who offer an excellent educational experience for their students. We know that each teacher brings a different perspective, background, set of strengths and personality. We also understand that every child responds differently to different adults and different environments. It is with this in mind that we offer you this opportunity to help us find the best “fit” for your child for next year.

In partnership,

Kara Stimpson
Principal

Is there a teacher your child has had in the past who was a "perfect fit" for your child? If so, who was this teacher and what made him/her the "perfect fit" for your child?

Is there anything additional we should consider when placing your child in their class for 2018-2019?
