

Having issues registering to my fundraiser on Read for My School

Here are some things to make sure you do when registering to your fundraiser on Read for My School

Are you having problems trying to sign up for your fundraiser on Read for My School? If so, here are some tips to follow to make sure you are ready to go when your fundraiser is ready to begin.

New users - Please make sure that you've received your fundraiser's **5-DIGIT INVITE CODE**. It is required when starting to register for your fundraiser. If you don't have one, please talk to your event administrator to get one.

Returning users - Already participated in a Read for My School fundraiser in the past and want to register for a new one? If so, you first must completely **LOGOUT** of the app or website **BEFORE** you insert the new fundraiser invite code. Once you log out, you can select the **SIGN-UP** button on our app [welcome page](#) and create a new profile to support your new fundraiser. Another option (for native iOS and Android apps) is to delete the app completely and reinstall it again. This will completely log you out where you will need to sign up again as a new user with your new fundraiser invite code.

IMPORTANT: If you've forgotten your password, please go to the **RESET PASSWORD** page from the **LOG IN** page and insert your account email address. We will send you a reset password link to get you back on track.

I'm a parent of 3 kids and want to register all my kiddos under one account - If you are a parent wanting to sign up multiple reader profiles under one account, you should register one child **THEN** within the app, add the additional reader profiles. There is no need to register 3 different readers under three different email addresses. For additional support on how to create and manage multiple reader profiles under one account, [click here](#). For additional assistance, please contact our in-app support team.
