

How to share your donation page on Read for My School

Let's share your reading achievements with friends and family to raise money for your school!

Updated over a week ago

With Read for My School, sharing your donation page with others is one click away! From the home app screen, click the **BIG BLUE RFMS LOGO** and click on the **SHARE** button.

Next, select one of the various share options you have on your mobile device or if you are participating on the web, copy/paste your donation page link to someone you love that can help you raise money!

When you share your donation page, donors will receive your donation page link to view your reading achievements and your school's fundraising message to raise money. Donors will be able to directly support your cause and provide words of encouragement to get you to your reading and fundraising goals.
