

Math Resources for Every Grade Level

Eureka Math Sites:

These are websites geared specifically to Eureka Math curriculum materials. If you are looking for help specific to the Eureka Math Modules, these will help you support with homework, studying for assessments, and following how Math is being taught.

- **Eureka Homework Help:** <https://greatminds.org/math/parents>
- **Homework Helper Materials for purchase:**
<https://eurekamath.teamcamelot.com/homework-helpers.php> t
These spiral bound books are sold by grade level and contain every homework assignment in Eureka Math. It gives students the opportunity to further practice what they learned in class and more deeply understand the “why” behind the math.
- **Eureka Math Spanish Link and Translations to Other Languages:**
<https://www.pinterest.com/eurekamath0130/eureka-spanish-translations/>
or
<https://www.engageny.org/resource/translated-modules>
- **Zearn Math** is based on Eureka Math / EngageNY and designed to partner with teachers to create a personalized learning experience for every student.
www.Zearn.org
You can use Zearn Math at home so that your child can practice what they’ve learned during the day.
- **Homework Videos by Grade Level**
<http://eurekamathhelp.piqua.org/>
Each grade level is full of awesome resources like newsletters by topic, a video locker re-teaching how to do homework, and vocabulary your student needs to know for each module. This site has printable math books that support math concepts in each module, printable games that reinforce math fact fluency and concept development, and links to other great math sites like Khan Academy and fact practice games.
- **Videos, Newsletters, Module by Module support**
<http://www.lpssonline.com/site5514.php>
You’ll find topic newsletters, activities for home, and video resources per topic. Just click on your grade level on the left column.
- **YouTube Homework Help**
This channel was created by Marianne Strayton to support parents (and students) with homework tasks and share instructional strategies being used in the classroom.

Other Useful Math Sites for Student Practice of Math Skills Independent of

Eureka Math

We have two primary websites that teachers use to provide additional skill-based Math practice. These are not related to Eureka Math. They help students generalize the skills they are learning outside of Eureka Math.

- **Zearn Impoppable!**
Zearn has created a free math game for kids ages 8-12 that builds skills including automaticity and flexibility with key facts. The user pops bubbles by creating multiplication and division equations. It’s simple, highly addictive, and fun!
Impoppable can be downloaded from the iTunes store and its 100% free for anyone!

Math Resources for Every Grade Level

IXL

<https://www.ixl.com>

IXL is a comprehensive, standards-aligned math program offering unlimited problems in thousands of skills. IXL helps your child master the basic addition, subtraction, multiplication and division facts that are the building blocks of your child's math education. Recalling the basic arithmetic facts quickly and easily is essential for success with fractions, decimals, and multi-digit algorithms.

Compass Learning

<https://www.thelearningodyssey.com/>

This is provided for every student at Morris Brandon by the Foundation. Each child has a unique learning path created based on their STAR test data so that he/she is working on Math at his/her level. Students who test above grade level will be exposed to skills they have not yet been taught, but this exposure allows them to experiment with Math beyond their grade level. Students who test below grade level will work on skills that are needed for them to catch up with the grade level standards. Compass can be used in school and at home. Don't have your child's log in information? Ask your child's teacher.
